

Reconsideration of Library Materials Policy

Granite School District has established the following procedure to address challenges to library materials.

School Procedure

Each school should establish a School Library Collection Evaluation Committee to address requests for reconsideration of library materials. Members of the School Library Collection Evaluation Committee should include:

- School library media specialist
- Member of the school administration
- Faculty member (preferably a member of the English department)
- PTA representative
- Member of the community

To initiate the reconsideration process, a patron must complete and submit a *Request for Reconsideration of Library Materials* form to the school. Upon the school's receipt of a completed *Request for Reconsideration*, members of the School Library Collection Evaluation Committee should review the complaint and evaluate the material in question. The district media specialist should also be informed of the challenge and receive a copy of the *Request for Reconsideration*. As part of the review process, each committee member will complete an *Evaluation of Materials* form, giving particular consideration to the concerns that were expressed by the patron. As soon as possible, the written decision of the School Library Collection Evaluation Committee should be given to the person(s) submitting the request for reconsideration.

District Procedure

If the school committee's decision does not satisfy the person(s) requesting reconsideration of materials, the school principal should direct them to the District Library Media Selection Committee, who will then review the challenged material and make a final decision.

Members of the District Library Media Selection Committee:

- Director of Library Media/Instructional Technology Department
- District Media Specialists
- Member of the District Novels Committee

A written decision from this committee will be provided to the patron and school principal so that appropriate action may be taken.
